**Attachments:** sflensburg@bbna.com; sflensburg@gmail.com

Hi Tami,

Dillingham School District

- I filled out a facility use form with the school district last Friday and spoke with Russell Nelson at the Dillingham School District. Please call Russell (contact info below) regarding "security" requirements if any need to be worked out ahead of time.
- PA System – school does not have an operable system but I'm not sure if one needed if people speak loud enough.
- Room configuration for both sessions – we should discuss so that the school knows how many chairs and tables are needed.

KDLG

- I spoke with news reporter Adam who obtained his information for the short story on EPA's visit from one of the EPA press people (Susan S....). KDLG hoping to get a short interview with Lisa J and Susan/EPA press person said they would try to work something out at a convenient/appropriate location. If a short interview is worked into the schedule, the best location would be the KDLG office which is located in the Dillingham High/Middle School about a 30 second walk down the hallway from the middle school gym.

Your list

I'll get back with you on this as my numbers slightly different right now but very close to what you have. It's been difficult getting a hold of folks....

Sue
